

# Doctor Discussion Guide

## Your doctor has prescribed medication to manage a health condition.

Even if you've already read medication information about **Lipitor**<sup>®</sup> or heard about it from someone you know, it's important to get the facts from your doctor. That way, you'll get information that takes your overall health into account.

For your **Lipitor**<sup>®</sup> prescription, here are some questions you may want to ask:

1. How will this medication help me?
2. How often should I take it?
3. How do I take this medication?
4. Are there any side effects?
5. How do I manage these side effects?
6. Are there any other important things I need to know about this medication?
7. Where can I get additional information about this medication?
8. Where can I get additional information about my health concern?

If there are other things you would like to ask your doctor, list them here:
